

ENGLISH – International

MAINTENANCE REQUIREMENTS: Do not use oil based lubricant. Use only powdered spray graphite. Ensure all screws are tightened firmly and that the Keeper and Latch Body are kept free of sand, debris and ice which could impair the latch's performance.

WARRANTY & LIMITATION OF LIABILITY: D&D Technologies' ("D&D") products are warranted to be free of defects in materials and workmanship to the original purchaser for as long as he/she owns the product. This product will operate properly, and warranty is valid, only if installed in accordance with the instructions and specifications shown. If a structural defect appears, the original purchaser may return the item, freight prepaid, together with proof-of-purchase to D&D or its approved international agents. D&D or its agent will, at their discretion, repair or replace the defective item or part without charge to the purchaser. **THIS WARRANTY SHALL NOT APPLY WHEN** the product has been tampered with, when repairs or attempted repairs have been made by unauthorized persons, where the item has been subjected to misuse, abuse, accident or damage in transit, or where the installer has not followed the instructions set out during installation, operations, or Maintenance requirements.

IN NO EVENT SHALL THE COMPANY BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES.

No warranty is given other than that set out above. No other express or implied warranties (including statutory warranties) apply, other than warranties which may not be legally excluded.

MAGNALatch®

Side Pull

NOTE: It is recommended that a "Gate Stop" (striker plate) be used to prevent the gate from swinging past the fence post.

CAUTION: When used on swimming pool gates, mount latch to pool side of gate at a minimum of 6" (150mm) below top of gate. There should be no space greater than 3/8" (10mm) within 18" (450mm) of Latch Release Knob. Always consult local authorities for swimming pool Codes.
